Below the image, there are two columns of text and a footer with contact information.

COFFEE HOUSE

Coffee is one of the most popular beverages in the world, consumed by billions of people every day. It is made from the roasted seeds of the coffee plant, which are ground and brewed with hot water.

Coffee quickly spread to other parts of the world, and by the 17th century, it was one of the most popular trade commodities. Today, coffee is grown in over 70 countries around the world.
